1 Identification of substance:

Product details:
Product name: Manganese pieces
Stock number: 36221
Manufacturer/Supplier:
Alfa Aesar, A Johnson Matthey Company
Johnson Matthey Catalog Company, Inc.
30 Bond Street
Ward Hill, MA 01835-8099
Emergency Phone: (978) 521-6300
CHEMTREC: (800) 424-9300
Web Site: www.alfa.com

Information Department: Health, Safety and Environmental Department
Emergency information:
During normal hours the Health, Safety and Environmental Department. After normal hours call
Chemtrec at (800) 424-9300.

2 Composition/Data on components:

Chemical characterization:
Description: (CAS#)
Manganese (CAS# 7439-96-5): 100%
Identification number(s):
EINECS Number: 231-105-1

3 Hazards identification

Hazard description: Not applicable
Information pertaining to particular dangers for man and environment: Not applicable
Classification system
HMIS ratings (scale 0-4)
(Hazardous Materials Identification System)

<table>

GHS label elements: Void

4 First aid measures

General information: No special measures required.
After inhalation: Seek medical treatment in case of complaints.
After skin contact: Generally the product does not irritate the skin.
After eye contact: Rinse opened eye for several minutes under running water. If symptoms persist, consult a doctor.
After swallowing: Seek medical treatment.

5 Fire fighting measures

Suitable extinguishing agents:
Product is not flammable. Use fire fighting measures that suit the surrounding fire.
Special hazards caused by the material, its products of combustion or resulting gases:
In case of fire, the following can be released:
Metal oxide fume
Protective equipment: No special measures required.

6 Accidental release measures

Person-related safety precautions: Not required.
Measures for environmental protection:
Do not allow material to be released to the environment without proper governmental permits.
Measures for cleaning/collection:
Pick up mechanically.
Additional information:
See Section 7 for information on safe handling
See Section 8 for information on personal protection equipment.
See Section 13 for disposal information.
7 Handling and storage

Handling
Information for safe handling:
Keep container tightly sealed.
Store in cool, dry place in tightly closed containers.
No special precautions are necessary if used correctly.

Information about protection against explosions and fires:
The product is not flammable.

Storage
Requirements to be met by storerooms and receptacles: No special requirements.

Information about storage in one common storage facility:
Do not store together with acids.
Store away from strong bases.
Store away from halogens.

Further information about storage conditions: None.

8 Exposure controls and personal protection

Additional information about design of technical systems: No further data; see item 7.

Components with limit values that require monitoring at the workplace:
Manganese, elemental & inorganic compounds (as Mn)

Additional information: No data.

Personal protective equipment
General protective and hygienic measures
The usual precautionary measures for handling chemicals should be followed.

Breathing equipment: Not required.

Protection of hands: Not required.

Eye protection: Safety glasses

Body protection: Protective work clothing.

Flash point: Not applicable

Ignition temperature: Not determined

Decomposition temperature: Not determined

Danger of explosion: Product does not present an explosion hazard.
Material Safety Data Sheet  
acc. to OSHA and ANSI

Product name: Manganese pieces

10 Stability and reactivity

**Explosion limits:**
- **Lower:** Not determined
- **Upper:** Not determined

**Vapor pressure:** Not determined

**Density at 20°C (68°F):**
7.43 g/cm³

**Solubility in / Miscibility with Water:** Insoluble

**Thermal decomposition / conditions to be avoided:**
Decomposition will not occur if used and stored according to specifications.

**Materials to be avoided:**
- Acids
- Halogens
- Bases

**Dangerous reactions** No dangerous reactions known

**Dangerous products of decomposition:** Metal oxide fume

11 Toxicological information

**Acute toxicity:**

<table>
<thead>
<tr>
<th>LD/LC50 values that are relevant for classification:</th>
</tr>
</thead>
<tbody>
<tr>
<td>Oral</td>
</tr>
<tr>
<td>Irritation of skin mild</td>
</tr>
<tr>
<td>Irritation of eyes mild</td>
</tr>
</tbody>
</table>

**Primary irritant effect:**
- **on the skin:** Powder: irritant effect
- **on the eye:** Powder: irritant effect

**Sensitization:** No sensitizing effects known.

**Other information (about experimental toxicology):**
- Tumorigenic effects have been observed on tests with laboratory animals.
- Mutagenic effects have been observed on tests with laboratory animals.

**Subacute to chronic toxicity:**
Chronic exposure to manganese may cause impairment to the central nervous system. Symptoms include sluggishness, sleepiness, muscle weakness, loss of facial muscle control, edema, emotional disturbances, spastic gait and falling.

**Subacute to chronic toxicity:**
The Registry of Toxic Effects of Chemical Substances (RTECS) reports the following effects in laboratory animals:
- Brain and Coverings - other degenerative changes.
- Behavioral - changes in motor activity (specific assay).
- Behavioral - muscle weakness.
- Lungs, Thorax, or Respiration - other changes.
- Blood - changes in serum composition (e.g. TP, bilirubin, cholesterol).
- Nutritional and Gross Metabolic - changes in metals, not otherwise specified.
- Tumorigenic - equivocal tumorigenic agent by RTECS criteria.
- Tumorigenic - tumors at site of application.

**Additional toxicological information:**
To the best of our knowledge the acute and chronic toxicity of this substance is not fully known.

**EPA-D:** Not classifiable as to human carcinogenicity: inadequate human and animal evidence of carcinogenicity or no data are available.

12 Ecological information:

**General notes:**
Do not allow material to be released to the environment without proper governmental permits.

13 Disposal considerations

**Product:**

**Recommendation** Consult state, local or national regulations to ensure proper disposal.
Product name: Manganese pieces

Uncleaned packagings:
Recommendation: Disposal must be made according to official regulations.

14 Transport information
Not a hazardous material for transportation.

<table>
<thead>
<tr>
<th>DOT regulations:</th>
<th>Hazard class:  None</th>
</tr>
</thead>
<tbody>
<tr>

</tr>
</tbody>
</table>

Transport/Additional information: Not dangerous according to the above specifications.

15 Regulations

Product related hazard informations:
Observe the general safety regulations when handling chemicals.

National regulations
All components of this product are listed in the U.S. Environmental Protection Agency Toxic Substances Control Act Chemical substance Inventory.

Information about limitation of use:
For use only by technically qualified individuals.
This product contains manganese and is subject to the reporting requirements of section 313 of the Emergency Planning and Community Right to Know Act of 1986 and 40CFR372.

16 Other information:
Employers should use this information only as a supplement to other information gathered by them, and should make independent judgement of suitability of this information to ensure proper use and protect the health and safety of employees. This information is furnished without warranty, and any use of the product not in conformance with this Material Safety Data Sheet, or in combination with any other product or process, is the responsibility of the user.

Department issuing MSDS: Health, Safety and Environmental Department.
